Email: [Anusandhu666@gmail.com](mailto:Anusandhu666@gmail.com)

### Summary:

A Full Web Developer exploring and implementing new things in the field of Full Stack Web Development which will help me to explore myself completely and utilize my potential for the success and growth of the Organization.

### Skills:

- **Frontend:** React.js, Next.js, Tailwind CSS
- **Backend:** Node.js, Express.js, RESTful APIs, MongoDB, Django, Flask
- **DevOps:** Version Control, CI/CD, VPS, Linux,
- **Languages:** JavaScript (ES6+), Python, , C
- **Non-Technical:** Problem Solving, Quick Learner, Team Collaboration, Effective Communication

### Projects:

#### 1. Yummato - Food Ordering App

Yummato is a comprehensive food ordering platform that allows users and restaurant owners to manage their accounts, handle cart functionalities, and process payments seamlessly. The app features user and shop logins, cart management, and order processing.

**Role:** Full Stack Developer | **Technologies:** Next.js, TailwindCSS, Redux, MongoDB, Strapi, Stripe

- **Frontend:** Designed and implemented a responsive user interface using Next.js and TailwindCSS, ensuring a smooth user experience across devices.
- **Backend:** Developed secure APIs using Next.js API and JWT for user authentication, and integrated Stripe for processing fake payments.

#### 2. ShopEase - E-commerce Platform

**ShopEase** is a modern e-commerce platform designed to provide a seamless shopping experience with secure authentication and a responsive, user-friendly interface.

**Role:** Full Stack Developer | **Technologies:** React, Redux, Node.js, Express, MongoDB, TailwindCSS

- **Frontend:** Developing a responsive e-commerce platform with an interactive UI and secure authentication.
- **Backend:** Building a scalable backend to manage users, products, and orders.

#### 3. HimaVista - Himachal Pradesh Showcase (In Progress)

HimaVista is an interactive web application designed to highlight the culture, products, and experiences of Himachal Pradesh. It allows users to explore the region through dynamic content and user-generated contributions.

**Role:** Full Stack Developer | **Technologies:** React, Redux, Node.js, Express, TailwindCSS

- **Frontend:** Currently developing an engaging and interactive UI using React and TailwindCSS to encourage user interaction and content exploration.
- **Backend:** Building a scalable backend with Node.js and Express to manage content dynamically.

### Certificates:

- **Web Development Ultimate (Udemy)** [Verify](#)
- **Front End Development Libraries (freeCodeCamp)** [Verify](#)
- **Python (HackerRank)** [Verify](#)
- **STP Web Development Certificate**

### Educational Qualification:

Sr. No.	Qualification/Diploma	Board /University
1.	B.A. (3 <sup>rd</sup> Year)	IGNOU
2.	DCA	ALMA IT(I)
3.	Diploma in Electronics Mech.	NCVT
